REPORT OF THE MANAGING COMMITTEE FOR THE YEAR ENDED 31 JULY 2010

The audited accounts for the year ended 31 July 2010, a copy of which is included with this report, show that the Scheme's net assets now stand at **£321,442,395**.

INVESTMENTS

The Investments are monitored by the Investments Committee, which met six times during the year to determine policy. There was no change to the membership of the Investments Committee during the year.

The day to day management of the Fund is carried out by Henderson Global Investors, F&C Management, Majedie Asset Managers, State Street Global Advisors, UBS Global Asset Management, Genesis, Black Rock Alternative Advisors, Pacific Alternative Asset Management Company, Loomis Sayle and Payden & Rygel. These managers report regularly to the Investments Committee which is advised by Aon Hewitt.

The total investments of the Scheme were £316.0m at 31 July 2010 compared with £275.4m at the previous year-end. During the year the gain on the Scheme's investments amounted to £35.4m. After adding net income from dealings with members of £8.8m the net increase in the fund during the year was £44.2m.

Investment objectives

The Scheme's Statement of Investment Principles sets out the investment objectives as follows:-

The overall financial and investment objective of the Portfolio is to meet the pension liabilities of the Scheme's members. The specific long term investment objectives of the Portfolio are:-

- To attain a real total return¹ (net of investment management fees) sufficient to preserve the funding status of the Scheme, and to enhance the funding status should the Scheme be under-funded;
- To obtain annualised returns in line with the Portfolio's blended benchmark for the target asset mix selected by the Investment Committee (see Asset Allocation below), measured over a five year period.

Asset Allocation

The Scheme's long term strategic asset allocation is as follows:-

| Asset Class | Target Allocation |
|-------------------------|-------------------|
| UK Equity | 30% |
| Overseas Equity | 25% |
| Emerging Markets Equity | 5% |
| Property | 15% |
| Bonds | 17% |
| Hedge Funds | 8% |
| Cash | 0% |
| Total | 100% |

¹ Real total return is the sum of realised and unrealised capital appreciation (or loss) and current income in the form of dividends and interest, adjusted for inflation as measured by the Retail Price Index.

Manager Allocations and Performance

The asset classes are managed by ten different fund managers to provide additional diversification benefits.

A summary of the managers' activities is as follows:

- UBS Global Asset Management:** £73m is invested with UBS. The equity assets are invested in their passively managed funds on a global basis, excluding UK equity. Over the year UBS returned 8.9%, slightly underperforming the benchmark of 9.0% by 0.1%
- State Street Global Advisors:** SSGA is the manager of the core UK equity allocation with approximately £48m. Prior to July 2010 they were managing this money according to an enhanced index style; subsequently the Investments Committee made the decision to move the investment to their passive UK Equity Index Fund. Over the year SSGA returned 19.5%, outperforming the benchmark of 19.3% by 0.2%. SSGA's benchmark is the FTSE All-Share Index.
- Henderson Global Investors Ltd:** £26m is invested with Henderson; the assets are invested in the UK Equity High Alpha Fund which has a more active style. Henderson's benchmark is the FTSE All-Share Index and the target is to outperform the benchmark by 3% p.a. over rolling 3 year periods. Over the year Henderson returned 18.9%, underperforming the benchmark of 19.3% by 0.4%.

Following a review of the Scheme's investments it was agreed to terminate the investment with Henderson Global Investors Ltd with effect from 16 August 2010 and place the proceeds with State Street in their passive UK Equity Index Fund and with Majedie in their actively managed UK Service Fund.

REPORT OF THE MANAGING COMMITTEE FOR THE YEAR ENDED 31 JULY 2010

INVESTMENTS *(continued)*

- **Majedie Asset Management:** Majedie, a London-based firm, manage the mandate in accordance with their very active UK Opportunities style. They manage approximately £21m. During the year the Scheme withdrew £3m from Majedie. Over the year Majedie have returned 9.8% against its benchmark, the FTSE All-Share Index of 19.3%.

With effect from 16 August 2010 the Scheme's investment with Majedie was transferred to their UK Service Fund.

- **Genesis Asset Management:** Genesis, a London-based firm, manages a dedicated emerging markets equity allocation of approximately £22m. Over the year Genesis returned 41.9% outperforming the benchmark of 30% by 11.9 %.
- **Pacific Alternative Asset Management Company:** PAMMCO is a Fund of Hedge Funds Manager specialising in constructing diversified portfolios of hedge funds, with a focus on convertible bond hedging, sovereign debt and mortgage hedging, equity market neutral, merger arbitrage, credit hedging, distressed debt, long/short equity and short biased hedge funds. PAMMCO is managing an allocation of £20m. PAMMCO's benchmark is the 3-month sterling LIBOR rate and the target is to outperform the benchmark by 5% p.a. Over the year PAAMCO returned 7.0% underperforming the benchmark of 10.1% by 3.1%.

During the year the Scheme placed an additional £4.4m with PAMMCO.

- **Black Rock Alternative Advisors:** Black Rock is a Fund of Hedge Funds Manager focused on capital preserving relative value and event driven strategies. Black Rock manages £21m for the Scheme. Black Rock's target is to outperform the 3 month Sterling LIBOR rate by 6% net of fees. Over the year Black Rock returned 13.7% outperforming the benchmark of 10.1% by 3.6%.

During the year the Scheme placed an additional £8.9m with Black Rock.

- **Payden & Rygel:** Approximately £30m is invested with Payden & Rygel, a US-based manager with a global bond mandate, hedged to sterling. The intention is to allow the Scheme to benefit from the opportunities available in the global bond markets while maintaining a focus on high quality government holdings. Over the year Payden and Rygel returned 6.8% outperforming the benchmark of 5.9% by 0.9%.
- **Loomis Sayles:** This is another US-based bond manager and is managing the remainder of the bond allocation (approximately £21m). The focus remains on government holdings but with a higher exposure to high quality corporate debt. This mandate is also hedged to sterling. Over the year Loomis Sayles returned 10.4% outperforming the benchmark of 7.3% by 3.1%.
- **F&C Management Ltd:** F&C continue to manage the Scheme's property holdings, investing in a selection of property unit trusts worth £34m, including the wider European property market. This fund is a fund of property funds and is currently invested in seven UK property funds which returned 22% against the benchmark of 24.2% and three European property funds that returned -16.7% against the benchmark of 9.0%.

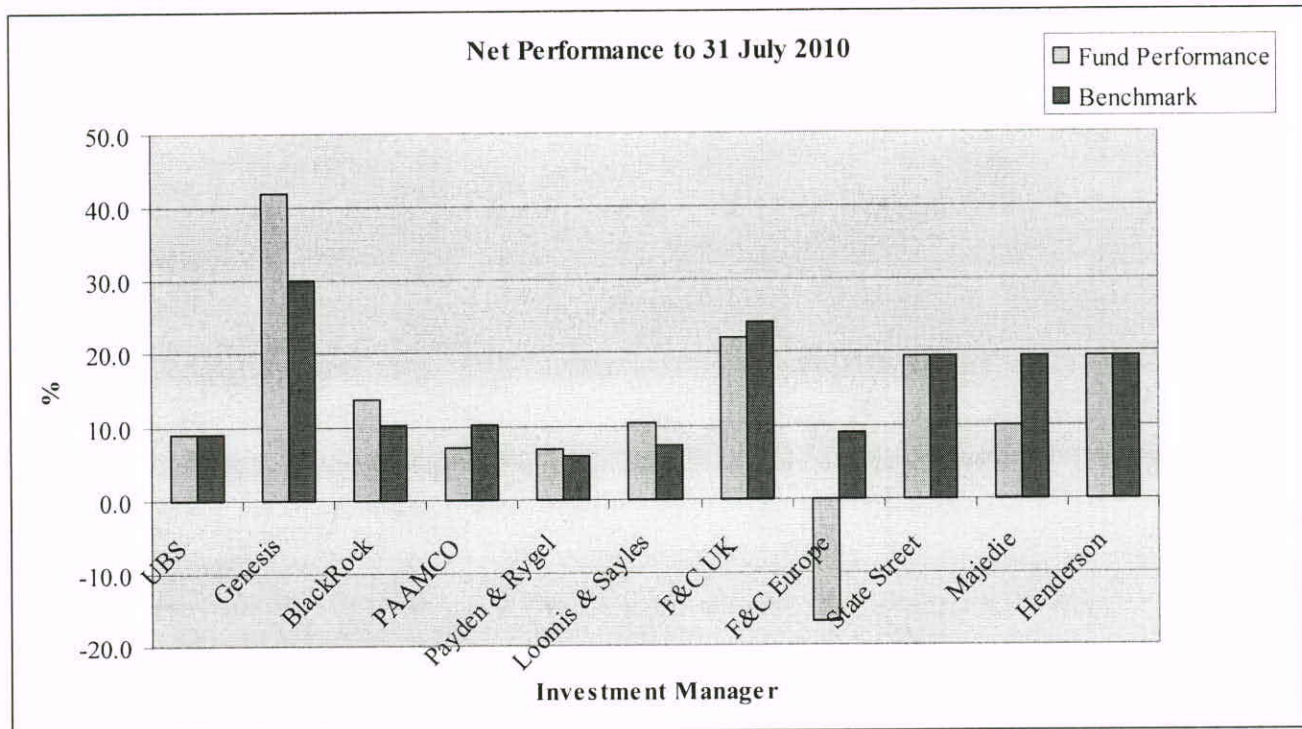

During the year the Scheme placed additional investments of £4.3m with F&C.

Investment Managers' Performance for the Year

The year ended July 2010 was a better one for the Scheme's investments, recovering the loss from the previous two years and making a total return of 17.1%, well above the anticipated total investment return of 6.9%

The outlook for the future remains mixed as the world economic recovery shows signs of slowing down. However The Investments Committee in conjunction with the Scheme's Investment Consultant continue to monitor performance of the individual investment managers closely whilst applying downward pressure on their fees.

The Management Committee believes that the present asset allocation with its wide diversification is still appropriate for the long term. The asset allocation remains the key to successful investment performance and because the Scheme's liability profile extends for almost 20 years, the Management Committee takes a very long term view looking for a total investment return of 6.9%. The recent investment performance is shown below, together with the impact of RPI inflation for the years ending 31 July:

| | 2006 | 2007 | 2008 | 2009 | 2010 |
|--------------|------|------|-------|------|------|
| Total return | 10.1 | 12.9 | -10.2 | -5.1 | 17.1 |
| RPI | 3.3 | 3.8 | 5.0 | -1.4 | 4.8 |
| Real return | 6.8 | 9.1 | -15.2 | -3.7 | 12.3 |

The clear historical evidence shows that investment returns over a period of 20 years have consistently been in excess of the 6.9% return which is used in the Scheme's actuarial calculations. The Trustee remains confident that these higher returns will be achieved over the longer term.

REPORT OF THE MANAGING COMMITTEE FOR THE YEAR ENDED 31 JULY 2010

RULE CHANGES

With effect from 1 December 2009 the following changes to the Scheme rules were made in respect of new entrants:

- The accrual rate for new entrants to the CPS on or after the effective date was changed from 1/60th of Final Pensionable Salary for each year of Pensionable Service to 1/80th of Final Pensionable Salary for each year of Pensionable Service;
- The provision for an automatic entitlement to a retirement lump sum was changed to 3/80^{ths} of Final Pensionable Salary for each year of Pensionable Service;
- The earliest age at which a member can receive an unreduced pension from the CPS increased from 60 to 65, except where the retirement is on the grounds of ill health or incapacity;
- The lump sum payable on death in service was reduced from four times the member's salary at the date of death plus a refund of the member's personal contributions to the CPS to 3 times the member's salary at the date of death with no contribution refund;
- The Spouse's pension on death in service was reduced from 2/3rds of the member's prospective pension to 50% of the member's prospective pension;
- The spouse's pension on death in retirement or death in deferment was reduced from 2/3rds of the pension payable to the member at the date of death (assuming the member had not exchanged any pension for cash at retirement) to 50% of the pension payable to the member at the date of death.

TRANSFER VALUES

Transfer values are calculated and verified in accordance with the Occupational Pension Schemes (Transfer Values) Regulations 1985, and no such transfer values were reduced.

PENSION INCREASES

With effect from 1 August 2010 all pensions in payment as at 1 August 2009 were increased by 5.1%. For retirements effective between 1 August 2009 and 30 June 2010 the increase was proportionate.

Increases in recent years have been as follows: -

STATEMENT OF CONTRIBUTIONS

During the period 1 August 2009 to 22 April 2010 contributions were payable to the scheme under the Schedule of Contributions certified by the actuary on 15 May 2007. The new Schedule of Contributions, based on the actuarial valuation as at 31.7.2009, did not take effect until 23 April 2010. However, employers' contributions were voluntarily increased with effect from 1 August 2009, and all contributions paid throughout the year were at the rates shown in the new Schedule of Contributions.

Members' contributions

No contributions were paid by salary sacrifice members. Other members paid contributions at the rate of 6% of pensionable salary

Employer's contributions

Employers' normal contributions in respect of salary sacrifice members were paid at the rate of 26.3% of pensionable salary. Employers' normal contributions in respect of other members were paid at the rate of 20.3% of pensionable salary. In addition, deficit funding contributions were paid at the rate of 3.4% of pensionable salary.

During the year ended 31 July 2010 the contributions payable to the scheme were as follows:

| Contributions payable under the Schedule of Contributions | £ |

Actuary's Certification of Schedule of Contributions

Name of Scheme Cambridge University Assistants' Contributory Pension Scheme

Adequacy of Contribution Rates I certify that, in my opinion, the rates of contributions shown in this Schedule of Contributions are such that the statutory funding objective could have been expected on 31 July 2009 to be met by the end of the period specified in the Recovery Plan dated 23 April 2010.

Adherence to Statement of Funding Principles I hereby certify that, in my opinion, this schedule of contributions is consistent with the Statement of Funding Principles dated 23 April 2010.

Adequacy of Contribution Rates on Winding Up The certification of the adequacy of the rates of contributions for the purposes of securing that the statutory funding objective can be expected to be met is not a certification of their adequacy for the purpose of securing the Scheme's liabilities by the purchase of annuities, if the Scheme were to be wound up.

SUMMARY FUNDING STATEMENT 2010

The CPS Managing Committee is pleased to provide members with the Scheme's fifth Summary Funding Statement.

Trustees of all UK defined benefit schemes are required by law to provide an annual summary funding statement to scheme members. The purpose of the statement is to summarise the funding position at the scheme's most recent valuation.

As pension schemes go on for many years, any review of a scheme's finances can only be a 'snap-shot' based on what is known at a given date, and estimates of what might happen in the future. Amongst other things, estimates include: how long people will live; what the rate of inflation will be; and what return the scheme will earn on its investments. This 'snap-shot' is known as an actuarial valuation and is carried out by the Scheme Actuary (normally every three years). The results of the valuation will form the basis for decisions about future contributions to the scheme.

The latest valuation of the CPS was at 31 July 2009. This statement summarises the funding position of the Scheme at that date and covers all of the information which we are required by law to tell you. As some of this information is rather technical and detailed, we have divided the statement into sections.

Dr. Reg Hinkley
Chairman, CPS Managing Committee

1. How well funded is the Scheme?

This question is answered by establishing how well the Scheme's liabilities (the pensions which it has to pay now and in the future in respect of pensionable service already completed) are covered by its assets (the money it has available).

There are many different ways of measuring a scheme's funding position. The most relevant measure is the 'ongoing basis' – which assumes the Scheme carries on as now. At the most recent actuarial valuation at 31 July 2009, the Scheme's funding position on an ongoing basis was:

| | |
|--------------------------------|--------------|
| Market value of scheme assets: | £275,925,000 |
| Scheme liabilities: | £414,746,000 |
| Scheme funding shortfall: | £138,821,000 |
| Ongoing funding level: | 67% |

Based on the assumptions used in the 'ongoing basis' which were agreed by the CPS Managing Committee and the University the Scheme Actuary estimated that the joint contribution rate, that is the sum of employer and employee contributions, to provide the benefits which accrue in the future was 26.3% of Pensionable Salary. This includes an allowance for future Scheme expenses and Pension Protection Fund (PPF) levies.

As reported in last year's Statement, the Participating Employers agreed to increase their contribution rate by 4.0% of Pensionable Salaries from 1 August 2009, so that the joint contribution rate has been 29.7% of Pensionable Salaries from that date. An additional 3.4% of Pensionable Salaries is therefore being paid towards reducing the funding shortfall, and this additional contribution rate will be increased to an annual contribution rate of £14,595,000 p.a. from 1 August 2011. This is projected to eliminate the shortfall by 31 July 2025, provided that the assumptions made are borne out.

2. How has the position changed since the 2009 Summary Funding Statement?

Last year's Statement showed the following funding position on an ongoing basis as at 31 July 2008 based on an updated annual valuation report provided by the Scheme Actuary to the Trustee.

| | |
|--------------------------------|--------------|
| Market Value of Scheme assets: | £290,805,000 |
| Scheme Liabilities: | £332,557,000 |
| Scheme Funding Shortfall: | £ 41,752,000 |
| Ongoing Funding Level: | 87% |

CAMBRIDGE UNIVERSITY ASSISTANTS' CONTRIBUTORY PENSION SCHEME

SUMMARY FUNDING STATEMENT 2010 *(continued)*

The increase of approximately £97million in the size of the funding shortfall was for two main reasons:

- (a) Between 31 July 2008 and 31 July 2009 investment markets fell again significantly.
- (b) Following the receipt of advice from the Scheme Actuary and after discussion with the University, the Management Committee decided to revise the assumptions used to place a value on the Scheme's liabilities. The changes included using a lower assumption for future investment return and strengthening the assumptions for life expectancy. These increase the value placed on the Scheme liabilities and hence the size of the funding shortfall.

The increase in the funding shortfall has been addressed by the agreement reached with the University on the increased level of contributions described in Section 1.

3. The next actuarial update

The next actuarial update is due as at 31 July 2010 and we will inform you of the outcome of the Scheme Actuary's report in your next Summary Funding Statement.

4. How well funded is the Scheme on a discontinuance basis?

Another measure of the Scheme's funding position is the 'discontinuance basis' i.e. what would happen if the Scheme was wound up (the University ceased to support the Scheme) and the Managing Committee had to purchase all pensions from an insurance company. Discontinuance liabilities are higher than those calculated on the ongoing basis because the insurance company will make very conservative assumptions about future investment income and also needs to make a profit.

If the Scheme had discontinued at 31 July 2009, the Scheme's discontinuance position was estimated to have been:

| | |
|----------------------------------|--------------|
| Market value of scheme assets: | £275,925,000 |
| Discontinuance liabilities: | £658,668,000 |
| Discontinuance funding shortfall | £382,793,000 |
| Discontinuance funding level: | 42% |

This means that the Participating Employers would be required to pay £382,793,000 into the Scheme to meet all of the Scheme's liabilities.

A pension scheme whose sponsoring employer becomes insolvent and is unable to meet the costs of providing pensions, will normally apply to the PPF. The PPF was set up under the Pensions Act 2004 to provide compensation to members and beneficiaries of defined benefit pension schemes in such cases.

The CPS Managing Committee and Scheme actuary are satisfied that the Participating Employers are committed to continue to support the Scheme.

5. Have there been any payments from the Scheme to any of the Participating Employers?

The CPS Managing Committee can confirm that there have not been any payments to any of the Participating Employers out of the Scheme in the previous 12 months.

SUMMARY FUNDING STATEMENT 2010 *(continued)*

6. Market Volatility

You will be aware that investment markets have been particularly volatile in recent years. This has been reflected in the Scheme funding positions reported in each year's Summary Funding Statement. For example, the fall in investment markets over the year to 31 July 2009 is one of the main reasons why the funding position set out in this Statement is worse than in previous years. As we write, investment markets are higher than as at 31 July 2009, and we expect the funding position to have improved, but we would like to stress that the funding positions we report are inevitably simply a snapshot of the position at a particular date. If markets continue to be highly volatile then the funding position can be expected to continue to fluctuate.

7. Where can I get further information?

A number of additional documents about the CPS are available to members on request, or from the website at www.admin.cam.ac.uk/offices/pensions/cuacps/ and these include:

Statement of Investment Principles – this explains how the money being paid into the CPS is invested.

Statement of Funding Principles – this sets out the funding basis for the CPS agreed by the CPS Managing Committee and the University.

CAMBRIDGE UNIVERSITY ASSISTANTS' CONTRIBUTORY PENSION SCHEME

STATEMENT OF THE RESPONSIBILITIES OF THE MANAGING COMMITTEE

The Managing Committee has responsibility for the audited accounts. Pension scheme regulations require the Managing Committee to make available to scheme members, beneficiaries and certain other parties, audited accounts for each scheme year which:

- show a true and fair view of the financial transactions of the Scheme during the scheme year and of the amount and disposition at the end of the Scheme year of the assets and liabilities, other than liabilities to pay pensions and benefits after the end of the Scheme year; and
- contain the information specified in the Schedule to the Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996, including a statement whether the accounts have been prepared in accordance with the Statement of Recommended Practice, 'Financial Reports of Pension Schemes'.

The Managing Committee has supervised the preparation of the accounts and has agreed suitable accounting policies, to be applied consistently, making estimates and judgements on a reasonable and prudent basis. They are also responsible for making available each year, commonly in the form of a trustees' annual report, information about the scheme prescribed by pensions legislation, which they should ensure is consistent with the audited accounts it accompanies.

The Managing Committee is responsible under pensions legislation for ensuring that there is prepared and from time to time revised a schedule of contributions showing the rates of contributions payable to the Scheme by or on behalf of the employer and the active members of the Scheme and the dates on or before which those contributions are due. The Managing Committee is also responsible for keeping records of contributions received in respect of any active member of the Scheme and for ensuring that contributions are made to the Scheme in accordance with the schedule of contributions.

The Managing Committee also has a general responsibility for ensuring that adequate accounting records are kept and for taking such steps as are reasonably open to them to safeguard the assets of the Scheme and to prevent and detect fraud and other irregularities.

TRUSTEE KNOWLEDGE AND UNDERSTANDING

The provisions of the Pensions Act 2004 require trustees of occupational pension schemes to have knowledge and understanding of the law relating to pensions and trusts and the principles relating to the funding of occupational schemes and the investment of scheme assets. Trustees are also required to be conversant with their own scheme's policy documents. The Pensions Regulator has taken the phrase 'conversant with' to mean having a working knowledge of those documents such that the trustees are able to use them effectively when carrying out their duties as a trustee.

The Managing Committee has agreed that they will undertake the e-learning package introduced by the Pensions Regulator which aims to equip trustees with the knowledge and understanding they need to effectively carry out their duties and the Committee regularly monitors progress. The Committee has also agreed that if there are any areas of concern to one or more members of the Committee the Scheme's professional advisers will be asked to provide additional training, or when an appropriate training course becomes available they will attend this.

On appointment to the Managing Committee each member of the Committee is issued with a 'trustee pack' which includes all the relevant documentation relating to the Scheme and updated copies are provided as required. Copies are also available from the Scheme's webpage.

CAMBRIDGE UNIVERSITY ASSISTANTS' CONTRIBUTORY PENSION SCHEME

INTERNAL CONTROLS

The Pensions Act 2004 requires trustees to have adequate internal controls in place to help them monitor the management and administration of the Scheme. In order to assist with this the Managing Committee receives reports from the Scheme Office at each meeting as follows:

- details of members who have retired or died and the benefits which are payable from the Scheme in respect of those members;
- details of the amounts of contributions received from the Participating Employers and the date of receipt, plus details of any action taken by the Pensions Office in respect of late or incorrect payment of contributions
- confirmation that no events have occurred since the last meeting which need to be reported to the Pensions Regulator
- reports on outstanding work in the Pensions Office and the reasons for the work being outstanding

The Managing Committee has also drawn up a risk register which is reviewed annually.

CAMBRIDGE UNIVERSITY ASSISTANTS' CONTRIBUTORY PENSION SCHEME

Independent Auditors' Report to the Trustees of the Cambridge University Assistants' Contributory Pension Scheme

We have audited the accounts on pages 22-28.

We have audited the financial statements that comprise the fund account, the net assets statement and the related notes, which have been prepared under the accounting policies set out in the related notes.

This report is made solely to the scheme's trustee, as a body, in accordance with section 47 of the Pensions Act 1995. Our audit work has been undertaken so that we might state to the scheme's trustee those matters we are required to state to it in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the scheme's trustee as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Trustee and Auditors

The Trustee's responsibilities for obtaining an annual report, including audited financial statements prepared in accordance with applicable United Kingdom law and accounting standards, are set out in the Statement of Trustee's Responsibilities. Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and United Kingdom Auditing Standards issued by the Auditing Practices Board.

We report to you our opinion as to whether the financial statements show a true and fair view and contain the information required by the relevant legislation. We also report to you if, in our opinion, we have not received all the information and explanations we require for our audit. We read the other information contained in the annual report and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. The other information comprises the Trustees' Report and the Investment Report.

Basis of audit opinion

We conducted our audit in accordance with auditing standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by or on behalf of the Trustee in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Scheme's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements show a true and fair view of the financial transactions of the Scheme during the year ended 31 July 2010 and of the amount and disposition at that date of its assets and liabilities, other than the liabilities to pay pensions and benefits after the end of the year, and contain the information specified in Regulation 3 of and the Schedule to the Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996.

INDEPENDENT AUDITORS' STATEMENT ABOUT CONTRIBUTIONS, UNDER REGULATION 4 OF THE OCCUPATIONAL PENSION SCHEMES (REQUIREMENT TO OBTAIN AUDITED ACCOUNTS AND A STATEMENT FROM THE AUDITOR) REGULATIONS 1996, TO THE TRUSTEE OF THE CAMBRIDGE UNIVERSITY ASSISTANTS' CONTRIBUTORY PENSION SCHEME

We have examined the summary of contributions to the Cambridge University Assistants' Contributory Pension Scheme for the scheme year ended 31 July 2010, which is shown on page 10 of the trustee's report.

This statement is made solely to the scheme's trustee, as a body, in accordance with Regulation 4 of the Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996. Our audit work has been undertaken so that we might state to the scheme's trustee those matters we are required to state to it in an auditor's statement and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the scheme's trustee as a body, for our audit work, for this statement, or for the opinions we have formed.

Respective responsibilities of trustee and auditors

As described in the Statement of Trustee's Responsibilities the scheme's trustee is responsible for ensuring that there is prepared, maintained and from time to time revised a Schedule of Contributions, which set out the rates and due dates of certain contributions payable towards the scheme by or on behalf of the employers and the active members of the scheme. The trustee has a general responsibility for procuring that contributions are made to the scheme in accordance with the Schedule of Contributions. It is our responsibility to provide a statement about contributions paid under the Schedule of Contributions and to report our opinion to you.

Basis of statement about contributions

We planned and performed our work so as to obtain the information and explanations which we considered necessary in order to give reasonable assurance that contributions reported in the attached summary of contributions have been paid in accordance with the relevant requirements. For this purpose the work that we carried out included examination, on a test basis, of evidence relevant to the amounts of contributions paid to the scheme and the timing of those payments under the Schedule of Contributions. Our Statement about contributions is required to refer to those breaches of the Schedule of Contributions which come to our attention in the course of our work.

Statement about contributions

In our opinion contributions for the scheme year ended 31 July 2010 as reported in the summary of contributions have been paid in accordance with the Schedules of Contributions certified by the actuary on 15 May 2007 and 23 April 2010.

CAMBRIDGE UNIVERSITY ASSISTANTS' CONTRIBUTORY PENSION SCHEME

Notes to the Financial Statements for the year ended 31 July 2010

1. BASIS OF PREPARATION

The financial statements have been prepared in accordance with the Occupational Pension Schemes (Requirement to obtain Audited Accounts and a Statement from the Auditor) Regulations 1996, and with the guidelines set out in the Statement of Recommended Practice, Financial Reports of Pension Schemes.

The financial statements summarise the transactions of the scheme and deal with the net assets at the disposal of the trustees. They do not take account of obligations to pay pensions and other benefits, which fall due after the end of the scheme year. The actuarial position of the scheme, which does take account of such obligations, is dealt with in the statements by the actuary on pages 7 and 8 of the annual report and these financial statements should be read in conjunction with it.

2. ACCOUNTING POLICIES

2.1 INCLUSION OF INCOME AND EXPENDITURE

2.1.1 Contribution Income

Under the rules of the scheme the University of Cambridge and associated employers shall contribute to the Fund at such a rate or rates as the University Finance Committee shall determine from time to time with the advice of the actuary.

Ordinary contributions are included on the accruals basis. Special contributions are accounted for when received.

AVC contributions are accounted for on an accruals basis in the same way as other contributions, and the resulting investments are included in the net assets statement.

2.1.2 Transfers to and from other Schemes

Transfer values represent the amounts received and payable during the year for members who have either joined or left the Scheme. All the values are based on methods and assumptions determined by the actuary advising the Managing Committee.

2.1.3 Investment Income

Dividends and interest are grossed up for the amount of any taxation recoverable.

2.1.4 Foreign Currency Conversion

Foreign income is converted into sterling at the rate ruling on the date the income is received. Income accrued at the year end is converted at the rate ruling at that date. Investments and current assets and liabilities denominated in foreign currencies are converted using the sterling rate of exchange ruling at the year end date.

2.2 VALUATION OF INVESTMENTS

Marketable securities are valued at bid prices as at 31 July. Assets and liabilities held in foreign currencies are translated into sterling at the exchange rates ruling on 31 July. Accumulated unrealised profits less unrealised losses on investments are included as part of the change in market value of investments as shown in the Fund Account and Note 13. Unlisted securities are stated at the Managing Committee's valuation based on the advice of the Scheme's Investment Managers.

AVC funds with the Cambridge Building Society are valued at cash deposit value.

3. ACTUARIAL VALUATION

An actuarial valuation of the Scheme was made by the actuary as at 31 July 2009.

The valuation showed that there was a deficiency of £138,821,000 when the actuarial value of the assets was compared with the past service liabilities calculated on the basis used for funding the Scheme and based on projected earnings. This represents a funding level of 67%.

12. CONCENTRATION OF INVESTMENT

At 31 July 2010 the Scheme had investments totalling £138,753,040 (2009:£112,327,769) in 5 (2009:4) funds managed by Majedie Asset Management, State Street Global, Genesis, Payden & Rygel and BlackRock. These holdings represented 43.2% (2009: 40.5%) of the total assets of the Scheme.

The funds in which the Scheme held investments at 31 July 2010 were as follows:-

| Name of fund | No of units held on 31 July 2010 | Value of holding at 31 July 2010 (£) | Value of holding at 31 July 2009 (£) |
|--|-------------------------------------|---|---|
